I'd like to take this opportunity to thank all of our partners, supporters, team mates, and of course wonderful students for an awesome year! To folks just coming on board, welcome and we look forward to working with you over the summer and into next school year - yay!

This year's Impct Report contains a lot of great information, so I'll let you explore and find out for yourself what an amazing year 2025 was for Sunny Boy Foundation. It was a record breaking year for connecting with students, schools, educational professionals, teachers, providers, care-givers, communities, and great organizations. Moving through 2026 we will focus - as always - on our mission regarding children and youth. Our next big goal is producing a performance group made up of children to do live shows and concerts. We are also in the process of writing and producing a full stage musical based on the music and messaging of Sunny Boy. Come along with us as we move forward into these great adventures!

School & Student Programs

Sunny Boy programming remained in public schools thanks to our awesome non-profit partner Struggle of Love Foundation. In 2025 Sunny Boy programs worked with students from ECE/Pre-K through 5th grade. Sunny Boy music was used to put the accent on fun and empowering student activities, games, and workshops.

All Sunny Boy programs are heavily based in Social Emotional Learning (SEL), including certification in program quality assessment.

Service to an oft' times forgotten community that is certainly part of the community at large.

Special Needs Youth and Adults

2025 expanded our service to special needs adults and youth, as well as partnerships with related organizations and individuals. Not only do we come out to events and provide enrichment, music, and free percussion instruments, but 2025 also brought us our first individual music therapy adult client for whom we created their own original song. Although Sunny Boy is not a certified music therapist, the music has proven to hold very deep therapeutic value coming from a performance angle.

Duck Race Festival

2025's Annual Great Estes Park Duck Race Festival was awesome and we had a great time - quack! Over 10,000 ducks in the water, lots of people, and lots of fun activities and stuff to do. Sunny Boy Foundation anchored the Kid Zone with our children's music and tabled with lots of fun and colorful giveaways. Sunny Boy Foundation had an amazing time tabling with our usual fun and engaging giveaways, and performing during the summer of 2025 at the City of Denver's Future Fest in Civic Center Park. There were lots of kids, youth, and families enjoying the Festival. Conference Presentations - Youth Oriented

Sunny Boy Foundation had a great time at the 2025 Regis Jesuit High School Diversity Conference. We facilitated three engaging and fun workshops with awesome students. In our Music enhanced workshops, we focused on lessons of membership, inclusion, self-value, and ways that older students can begin to model for, and teach diverse practices and kindness to, younger students. Through positive lessons and messaging grounded in the dynamics of certain music we used the creative process to enhance the methods by which we may set in motion a form of "trickle down" of solid diversity and inclusion practices and dynamics for younger generations. We also explored ways of simplifying serious messaging in order to bring greater accessibility for children.

Initiatives 2025

Our over-riding initiative is to help build strength, positive values, self-value, self-efficacy, and resilience in children and youth. And, in the process, help build strong and resilient communities.

"There is nothing better than coming together with organizations that are changing lives, like Gordon Hamby from Sunny Boy Foundation! We love collaborating with Gordon, whose work in youth enrichment and performing arts creates space for creativity, confidence, and connection."
- Abby Care

Why children and youth?

As relayed in popular song, story, and verse, we believe that children are truly at the very core of a sound and loving future for all of humanity. At Sunny Boy Foundation we strive to maintain a very strict eye on child and youth well-being. Our impact - whether working with individuals or groups - is based in bringing voice, value, and self-efficacy to young people, while nurturing their own ideas, desires, goals and dreams. Through trainings, workshops and conferences, **Sunny Boy has directly impacted over 8,000 children and youth in a wide variety of communities.** We continue to move forward and grow in our role, partnering and working with many organizations and schools. There is a special something that comes about when music is brought in to enhance other enriching activities, sessions and workshops. There is a sense of empowerment and accomplishment gained by young people when using their creative mind, as well as a feeling of belonging. Sunny Boy Foundation is now spreading this wonderful impact to other facilitators, providers, teachers and organizations through insightful and mindful conference presentations for early childhood educators and out of school time providers.
